# Audit and Protocol Assessment Process

# Audit and Protocol Assessment Process

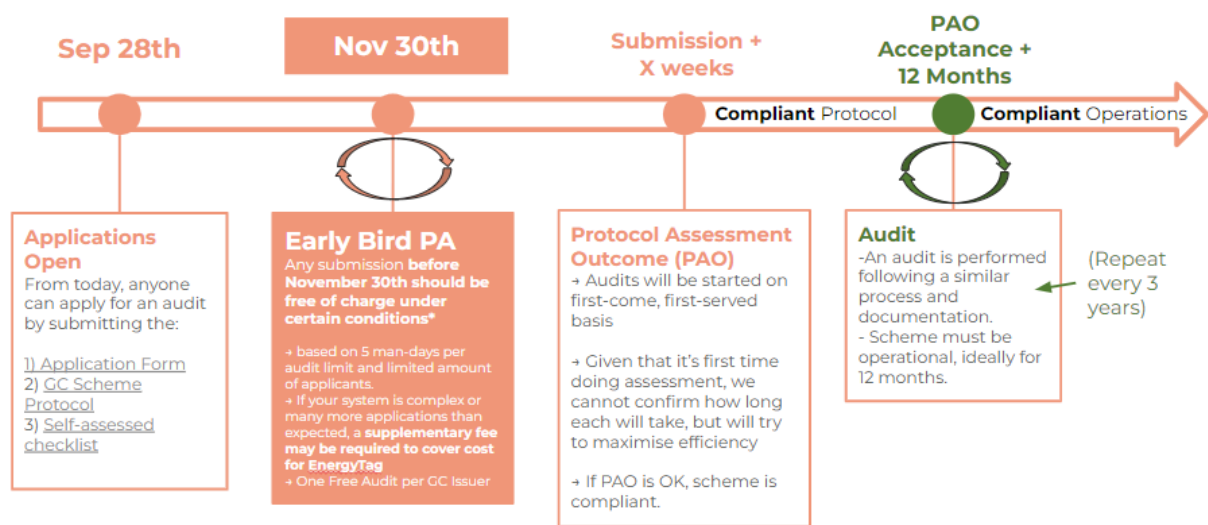

The Independent Audit Committee is responsible for performing audits against the EnergyTag Standard and Guidelines. A successful completion of the process will result in confirming that the **GC Scheme complies with the EnergyTag Standard**.

All registries wishing to be audited are asked to take the following steps:

## Step 1 - Audit Process Review

To understand the Auditing Process, please read: [Confirmed Audit Process](#).

The graphical summary of the process can be seen below:

## Step 2 - Application

To apply for a protocol assessment, please complete:

1. [Application Form](#),
2. [GC Scheme Protocol](#),
3. [Self-Assessed Checklist](#).

All documents shall be sent by email to:

- [killian@energytag.org](mailto:killian@energytag.org),
- [phil@energytag.org](mailto:phil@energytag.org),
- [katrien.verwimp@enunda.eu](mailto:katrien.verwimp@enunda.eu).

Submitting the required documents before November 30th 2022 qualifies for Early Bird audit free of charge (see process description for details). Further applications can also be submitted after this date.
