

Webinar

Shape the Future: GHG Protocol Scope 2 Revisions and Expert Q&A

Join experts for a deep dive into the proposed revisions, what they mean for your business, and how to share your feedback via the consultation.

Date

6 November 2025

Times

Two sessions:

9am & 4pm (GMT)

Why attend?

- Get an **overview of the proposed changes** and why they matter.
- Learn how these updates could affect your Scope 2 reporting and renewable energy strategy, with **regional context**.
- **Gain insights** from those directly involved in the GHG Protocol Technical Working Group.
- Learn how to **respond to the consultation** with confidence.
- Discover **how companies are already making progress** and what the future holds for granular carbon-free energy procurement.
